## Spring in the Township

April 28, 2017

---

### Camborne, ON – Spring in the Township

With the arrival of Spring, a number of activities are underway or upcoming.

On Monday, half load limits will no longer be in place for all Township Roads. Normal traffic can resume across the Township, with limits posted as usual for certain locations, such as bridges.

Our Parks and Recreation staff have already started to clean up the parks and this work will continue for the next few weeks, as they get to each park. In addition to removing refuse that may have accumulated over the winter, fallen branches and limbs are being removed, garbage cans are being installed and other spring openings are under way. With the recent approval of our Parks By-Law, we will also be updating signage in our parks to help users.

At the same time, our Public Works staff are changing over from winter maintenance activity to preparing for summer operations. The plowing equipment is being removed from trucks and vehicles and prepared for proper storage to ensure it is in a state of good repair and its useful working life is maximized. Summer brushing has resumed.

You may also notice that we have started sweeping asphalt township roads to clean off winter sand and gravel. We ask for your assistance to protect workers on slow moving equipment now, and of course, throughout the summer as employees undertake mowing, trimming and road maintenance functions in the upcoming months.
