

Communiqué

Emergency Preparedness Week

May 12, 2017

Camborne, ON – **Emergency Preparedness Week- May 7-13, 2017**

Now that it is the first full week of May, the annual event of Emergency Preparedness Week (EP Week) has arrived. It is a national event and is coordinated by Public Safety Canada along with the collaboration with the provinces and territories, municipalities and partners.

The theme for this year is, **Plan. Prepare. Be Aware**. This theme is to help Canadians take action to protect themselves and their families during emergencies.

The previous year's themes, *Get Prepared* campaign, Canadians have learned to know the risks, make a plan, and get an emergency kit. 2017's theme highlights the importance of having these measures in place but specifically emphasizes the need to keep up to date on current conditions, like the weather, that might impact you. Working together with community leaders, first responders, non-government organizations and all levels of government, we are building a more resilient and safer Canada.

Here are a couple of links to assist you with your Plan.
